Free Flow

Buddies

Welcome to this latest edition of Freeflow.

The dive stats provided by Ian show a distinct trend, i.e. downwards. Well here's a question for our esteemed number wizard, does this trend mean a) each member is diving less; b) membership decline rather than less diving per head; c) less reporting or d) something else. In true BSAC fashion have given 4 choices, but can the Wizard find the correct answer?

The large pod of 70 odd dolphins spotted off SW Cornwall last week reminds of the pod we saw in Milford Haven some years ago where we were surrounded by what seemed like hundreds, obviously busy feeding as they ignored us and went about their business.

Bye for now keep on diving.

PeteB

Its not every day that I see or hear something and as the advert goes, "I saw this and thought of you". Whilst watching some old Tommy Cooper footage with his catch phase and hand actions "Just like that", who else came to mind but Dave Goddard.

Miss Blaby Visits

We had our regular visit from Miss Blaby a few weeks ago. This year/season she is Roxanne Hodson, and she turned up for her try-dive with her boyfriend. Neil T was the lucky instructor taking her in and here he is giving some basic buoyancy instruction.

Roxanne seemed to enjoy the trydive and found time to give me a wave.

Sean B took Miss Blaby's boyfriend in for a try-dive at the same time and he seemed to enjoy this as well. Maybe two prospective members (?)

Ian Jennings

N.B. By the time you get to read this there will be a new Miss Blaby - the competition took place on May 21st.

Members Dives 2011 - Mid May

Hi Again,

OK so it has been a slow start to the year, but as you can see from the chart of the right at the moment we are (just) in front of last year's dive numbers. But as you can also see last year we were about to go to the Red Sea - and we unfortunately haven't got a similar trip this year.

The stats got a boost with Derek Marshall's recent trip to the Red Sea which boost him up to 5th place in the chart. Bill is still 'in the lead' with Nigel 'keeping him honest'. Bill is reporting how he's got to do other things (walking, canal boating and foreign holidays) so maybe that will give the rest of us a chance to catch up!

I am a little disappointed by the data I am getting - relative to the trips I hear that have happened. Some trips (Cyprus?) there have been no sheets that I have seen, others (Chepstow) have been incomplete despite the

Dive Manager's best efforts. The purpose of the Dive Manager sheets is primarily such that our Diving Officer (Rich) knows what dives are going on (which he is responsible for). Secondly they are used for the statistics. By keeping the statistics we can see what sort of diving we are doing and hence can tailor the trips to suit what we enjoy. Please take the time to fill in the sheets and get them to Rich (if you can't get to the club then send the relevant information by... e-mail, text, letter, semaphore or even smoke signals!). If we don't get representative data in then the conclusions we draw from the statistics will be wrong.

So lets do some diving, enjoy it and keep the statistics table moving!
